

12. *Write-offs of uncashed checks, unredeemed food stamps, and similar instruments*—No change.
13. *Reclassification after an agreement*—No significant change.
14. *Scoring of receipt increases or direct spending reductions for additional administrative or program management expenses*

This new rule would prohibit scoring direct spending, savings, or receipt increases to legislation providing mandatory spending for administrative or program management activities.

15. Asset sales

GRH formerly included a prohibition on the scoring of the proceeds from asset sales. That provision was amended to allow scoring on a cash basis if the sale does not result in a net cost to the government over the long term. This guideline specifies the method for determining the net financial cost to the government of an asset sale. It requires a calculation of the net present value of the estimated changes in cash flows resulting from the sale. It requires using a discount rate equal to the interest rate on Treasury securities plus 2 percentage points. The 2 percentage points addition is an arbitrary factor intended to take into account the economic effects of continued government ownership. This is believed to be a fairer test that handicaps for private sector risk and taxes.

REPORT LANGUAGE FOR DC TITLE

CRIMINAL JUSTICE SUBTITLE

(1) The managers recognize that it will require substantial resources to implement the provisions of title III, and that the obligation of the Department of Justice to meet the deadlines set forth in this title is contingent on the appropriation of funds sufficient to carry out the requirements of this title.

(2) It is the intent of the managers that the funds necessary to implement the provisions of this title come from the savings achieved by reducing the existing Federal payment to the District
