[PAR. 4. The Administrator of the National Youth Administration shall, subject to the approval of the Federal Security Administrator, fix the monthly earnings and hours of work for youth workers engaged on work projects financed in whole or in part from the appropriation in paragraph 1, but such determination shall not have the effect of establishing a national average labor cost per youth worker on such projects during the fiscal year 1942 substantially different from the national average labor cost per such worker on such projects prevailing at the close of the fiscal year 1941.]

[PAR. 5. Funds appropriated under paragraph 1 shall be so apportioned and distributed over the period ending June 30, 1942, and shall be so administered during such period as to constitute the total amount that will be furnished during such period for the purposes set forth in paragraph 1.]

[PAR. 6. No non-Federal construction project costing in excess of $5,000 shall be undertaken or prosecuted under paragraph 1 unless and until the cosponsor has made a written agreement to finance such part of the entire cost thereof as the Federal Security Administrator determines, under the circumstances, is an adequate contribution taking into consideration the financial ability of the cosponsor. The National Youth Administrator, subject to the approval of the Federal Security Administrator, shall prescribe rules and regulations relating to the valuation of contributions in kind by cosponsors of projects through furnishing the use of their own facilities and equipment and the services of their own employees, which shall also allow credit only to the extent that the furnishing of such contributions represents a financial burden which is undertaken by the cosponsors on account of National Youth Administration projects.]

[PAR. 7. The National Youth Administration is authorized to receive reimbursements from other agencies and contributions for the operation of projects from Federal or non-Federal agencies in the form of services, materials, or money; any money so received to be deposited with the Treasurer of the United States. Such contributions shall be expended or utilized as agreed upon between the contributing agency and the National Youth Administration and such reimbursements shall be available for the purposes of this appropriation.]

[PAR. 8. All receipts and collections by reason of operations authorized in paragraph 1, except cash contributions and reimbursement from other agencies, shall be covered into the Treasury as miscellaneous receipts.]

[PAR. 9. In considering employment of persons upon work projects prosecuted under the appropriation in paragraph 1, the National Youth Administration shall determine whether such persons are able to perform the work on work projects to which they can be assigned and no person shall be employed or retained for employment on any such project whose work habits are such or work record shows that he is incapable of performing satisfactorily the work to which he may be assigned on the project.]

[PAR. 10. No alien shall be given employment or continued in employment on any work project prosecuted under the appropriation in paragraph 1 and no part of the money appropriated in paragraph 1 or paragraph 2 shall be available to pay any person who has not made or who does not make affidavit as to United States citizenship, such affidavit to be considered prima facie evidence of such citizenship.]

[PAR. 11. No person shall be employed or retained in employment in any administrative position, or in any supervisory position on any project, and no person shall receive assistance in the form of payments or otherwise from the United States for services rendered under the National Youth Administration, under the appropriation in paragraph 1 or paragraph 2 unless such person before engaging in such employment or receiving such assistance subscribes to the following oath:]

["I, A B, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office (or employment) on which I am about to enter (or which I now occupy). So help me God."]

[PAR. 12. Compensated and uncompensated administrative and supervisory employees of the National Youth Administration, designated for the purpose by the National Youth Administrator, or his authorized representative, shall have the general powers of notaries public in the administration of oaths required by paragraphs 10 and 11, and the execution and acknowledgment of other legal instruments, and all forms of notarial acts determined by the National Youth Administrator to be necessary for the effective prosecution of the National Youth Administration programs. No fee shall be charged for oaths administered by such employees.]

[PAR. 13. No person in need who refuses a bona fide offer of private employment under reasonable working conditions which pays the prevailing wage for such work in the community where he resides and who is capable of performing such work shall be employed or retained in employment on out-of-school work projects under the funds appropriated in paragraph 1 for the period such private employment continues available.]

[PAR. 14. No portion of the appropriation in paragraph 1 or paragraph 2 shall be used to pay any compensation to any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States through force or violence.]

[PAR. 15. No portion of the appropriations in paragraph 1 or paragraph 2 shall be used to pay the compensation of any civil service employee, except persons so appointed who are already employed by another agency of the Government and are assigned or detailed to the National Youth Administration.]

[PAR. 16. In carrying out the purposes of this appropriation, the National Youth Administrator, or his authorized representatives, subject to the approval of the Federal Security Administrator, is authorized to accept and utilize voluntary and uncompensated services; to appoint and compensate officers and employees without regard to civil-service laws or the Classification Act of 1923, as amended; and to utilize, with the consent of the head of the Federal agency by which they are employed, Federal officers and employees, and with the consent of the State or local government, State and local officers and employees at such compensation as shall be determined by the National Youth Administrator to be necessary without regard to other laws governing the employment and compensation of Federal employees.]

[PAR. 17. Appointments in any State to Federal positions of an administrative or advisory capacity under the appropriation in paragraph 2 shall be made from among the bona fide citizens of that State so far as not inconsistent with efficient administration.]

[PAR. 18. In making separations from the Federal service, or furloughs without pay to last as long as three months, of persons employed within the District of Columbia, under the provisions of paragraph 2, the appointing power shall give preference, as nearly as good administration will warrant, in retention to appointees from States that have not received their share of appointments according to population: *Provided, however,* That soldiers and sailors, and marines, the widows of such, or the wives of injured soldiers, sailors, and marines, who themselves are not qualified, but whose wives are qualified to hold a position in the Government service, shall be given preference in retention, in their several grades and classes, where their ratings are good or better.]

[PAR. 19. The provisions of the Act of February 15, 1934 (48 Stat. 351), as amended, relating to disability or death compensation and benefits, shall apply to persons receiving compensation from the appropriation in paragraph 1 for services rendered as employees of the United States: *Provided,* That this section shall not apply in any case coming within the purview of the workmen's compensation law of any State, Territory, or possession, or in which the claimant has received or is entitled to receive similar benefits for injury or death: *Provided further,* That for carrying out the purposes of this paragraph there shall be made available to the United States Employees' Compensation Commission from the

[PAR. 20. The funds appropriated by paragraph 1 hereof shall be available for emergency hospitalization and medical care, other than that contemplated by paragraph 19 hereof, by reimbursement to Government hospitals or by contract with other public or private hospitals, in cases of critical illness or injury, of youths, employed under paragraph 1 (b) hereof, who are full-time residents of projects involving the maintenance of youths in camps or other resident work centers under the supervision of the National Youth Administration.]

[PAR. 21. The National Youth Administrator, subject to the approval of the Federal Security Administrator, is authorized to consider, ascertain, adjust, determine, and pay from the appropriation in paragraph 1 any claim arising out of operations thereunder accruing after June 30, 1941, on account of damage to, or loss of, privately owned property caused by the negligence of any employee of the National Youth Administration, while acting within the scope of his employment. No claim shall be considered hereunder which is in excess of $500 or which is not presented in writing within one year from the date of accrual thereof. Acceptance by a claimant of the amount allowed on account of his claim shall be deemed to be in full settlement thereof, and the action upon such claim so accepted by the claimant shall be conclusive.]

Any person who knowingly and with intent to defraud the United States makes any false statement in connection with any application for any project authorized in paragraph 1, or diverts, or attempts to divert, or assists in diverting, for the benefit of any person or persons not entitled thereto, any portion of the appropriation in paragraph 1, or any services or real or personal property acquired thereunder, or who knowingly, by means of any fraud, force, threat, intimidation, or boycott, or discrimination on account of race, religion, political affiliations, or membership in a labor organization, deprives, or attempts to deprive, or assists in depriving any person of any of the benefits to which he may be entitled under such appropriation, shall be deemed guilty of a felony and fined not more than $2,000 or imprisoned not more than two years, or both. The provisions of this paragraph shall be in addition to, and not in substitution for, any other provisions of existing law.]

[PAR. 23. All training or educational programs for youth employed by the National Youth Administration on work projects shall be under the control and supervision of the State boards for vocational education of the several States and shall be paid for out of appropriations made to the Office of Education and expended by the States pursuant to plans submitted by State boards for vocational education and approved by the Commissioner of Education.]

*Cooperative Agricultural Extension Work*—

For the purpose of paying the expenses of cooperative agricultural extension work and the necessary printing and distributing of information in connection with same, the Act of May 8, 1914 (7 U. S. C. 341–348), permanently appropriated $480,000 for each year, $10,000 of which is paid annually to each State which has by action of its legislature assented to the provisions of the Act. It also appropriated an additional sum of $600,000 for the fiscal year follow-

ing that in which the foregoing appropriation first became available, and for each year thereafter for seven a sum exceeding by $500,000 the sum appropriated for each preceding year, and for each year thereafter there is permanently appropriated the sum of $4,100,000 in addition to the sum of $480,000. The additional sums are allotted annually to each State by the Secretary of Agriculture and paid in the proportion which the rural population of each State bears to the rural population of all the States as determined by the next preceding Federal census, but no payment out of the additional appropriations can be made in any year to any State until an equal sum has been appropriated for that year by the legislature of such State, or provided by State, county, college, local authority, or individual contributions from within the State, for the maintenance of cooperative agricultural extension work. On May 16, 1928 (7 U. S. C. 386–386b), this appropriation was amended to include a permanent allotment to the Territory of Hawaii of $10,000 plus an additional sum of $12,935.43, subject to the same terms and conditions as the original act. The permanent annual appropriation was thereby increased to $4,602,935.43. Under the 1930 census the amount of money available to Hawaii increased by $3,160, thereby automatically raising the total amount available under the original Smith-Lever Act by this amount. Under the 1940 census the amount of money available to Hawaii decreased by $4,701 thereby automatically decreasing the total amount available under the original Smith-Lever Act by this amount. The act of March 4, 1931 (7 U. S. C. 386d–386f) provides that the Smith-Lever Act and Acts supplementary thereto be increased without diminishing the amount now received by any State or other Territory, to carry out the provisions of this Act in the Territory of Puerto Rico and specifies that the appropriation for 1933 and subsequent years shall be $50,000, this amount to be increased by $10,000 annually, or such part thereof as may be necessary, until the total to which Puerto Rico is entitled under the provisions of this Act is reached. The maximum for Puerto Rico under the 1930 census ($95,069) was reached during the fiscal year 1938. Under the 1940 census the amount of money available to Puerto Rico increased by $8,246, thereby automatically increasing the total amount available under the original Smith-Lever Act by this amount. The changes occasioned by the 1940 census result in bringing the total permanent annual appropriation to $4,704,710 (*7 U. S. C. 341–348*).
