## PARITY PAYMENTS

*Parity Payments, Department of Agriculture—*

To enable the Secretary of Agriculture to make parity payments to producers of wheat, cotton, corn (in the commercial corn-producing area), rice, and tobacco, pursuant to the provisions of section 303 of the Agricultural Adjustment Act of 1938, [$212,000,000, of which $97,375 shall be transferred to and made a part of the appropriation, "Salaries and expenses, Bureau of Agricultural Economics", to remain available until June 30, 1944] *there are hereby reappropriated the unobligated balances of the appropriations made under this head by the Department of Agriculture Appropriation Acts for the fiscal years 1941 and 1942, to remain available until June 30, 1945, and the Secretary is authorized to make such additional commitments or incur such additional obligations as may be necessary in order to provide for full parity payments*: *Provided*, That *of the amounts hereby made available, not to exceed $5,000,000 may be expended for administrative expenses in the District of Columbia (including personal services) and in the several States (exclusive of expenses of county and local committees), including such part of the total expenses of making acreage allotments, establishing normal yields, checking performance, and related activities in connection with wheat, cotton, corn, rice, and tobacco under the authorized farm program as the Secretary finds necessary to supplement the amount provided for in section 392 of the Agricultural Adjustment Act of 1938, as amended: Provided further, That* such payments with respect to any such commodity shall be made with respect to a farm in full amount only in the event that the acreage planted to the commodity for harvest on the farm in [1942] *1943* is not in excess of the farm acreage allotment established for the commodity under the agricultural conservation program, and, if such allotment has been exceeded, the parity payment with respect to the commodity shall be reduced by not more than 10 per centum for each 1 per centum, or fraction thereof, by which the acreage planted to the commodity is in excess of such allotment. The Secretary may also provide by regulations for similar deductions for planting in excess of the acreage allotment for the commodity on other farms or for planting in excess of the acreage allotment or limit for any other commodity for which allotments or limits are established under the agricultural conservation program on the same or any other farm.

If the sum of the prevailing basic-loan rate or the average farm price, whichever is the higher, for the crop year [1941] *1942* and the applicable rate of the payments [announced] under the Soil Conservation and Domestic Allotment Act, for the purposes of the 1942 agricultural conservation program and the parity payments herein [appropriated] *provided*, exceed an amount sufficient to increase the farmers' returns to parity prices, parity payments shall be so adjusted as to provide a return to producers which is equal to but not greater than parity price[. The proviso contained in the paragraph headed "Parity Payments" in the Department of Agriculture Appropriation Act, 1941, is amended to read as follows: *"Provided*, That such payments with respect to any such commodity shall be made with respect to a farm in full amount only in the event that the acreage planted to the commodity for harvest on the farm in 1941 is not in excess of the farm acreage allotment established for the commodity under the agricultural conservation program, and, if such allotment has been exceeded, the parity payment with respect to the commodity shall be reduced by not more than 10 per centum for each 1 per centum, or fraction thereof, by which the acreage planted to the commodity is in excess of such allotment.": *Provided*, That the item entitled "Parity Payments", contained in the Department of Agriculture Appropriation Act, 1941, is amended by inserting immediately following the figures $212,000,000 and before the colon, a comma and the following: "together with the unobligated balances of the appropriation made under this head by the Department of Agriculture Appropriation Act, 1940, approved June 30, 1939 (53 Stat. 939)"] *(55 Stat. 436–437)*.
