SEC. 4. HEALTH CARE REFORM.

(a) If health care reform legislation is reported (including by a committee of conference), budget authority, outlays, and new entitlement authority shall be allocated to committees, and the total levels of budget authority, outlays, and revenues shall be adjusted, to reflect such legislation if the legislation in the form in which it will be considered would not increase the total deficit for the period of fiscal years 1995 through 1999.

(b) Upon reporting of legislation described in subsection (a) and again upon submission of a conference report on such legislation, the chairman of the Committee on the Budget shall publish in the Congressional Record revised allocations under section 602(a) of the Congressional Budget Act of 1974 and revised levels of total budget authority, outlays, and revenues to carry out this section. Such allocations and totals shall be considered as the allocations and aggregates under this resolution.

SEC. 5. SENSE OF THE CONGRESS.

It is the sense of Congress that the following legislation should be enacted:

- (1) Legislation providing enforceable limits to control the growth of entitlement or mandatory spending.

(2) Amendments to the Budget Enforcement Act of 1990 to establish a regular procedure to provide assistance for disasters and other emergencies without adding to the deficit.

(3) Legislation granting the President expedited rescission authority over appropriations measures, as provided by H.R. 1578, as passed the House.

SEC. 6. SENSE OF COMMITTEE ON THE BUDGET ON SCORING HEALTH REFORM.

It is the sense of the Committee on the Budget that all financial transactions associated with the President's health reform legislation or similar health reform legislation relying on mandated payments to a Government entity be treated as part of the Federal budget, including premium payments by individuals and employees to health alliances (which should be treated as receipts) and payments by health alliances to providers (which should be treated as outlays), for all purposes under the Congressional Budget Act of 1974.

SEC. 7. SENSE OF COMMITTEE ON THE BUDGET.

(a) The Committee on the Budget is troubled by the Federal Government's failure to enforce immigration laws and secure United States borders from illegal immigration. The Government has also failed to investigate and prosecute Federal wage and hour violations, thus creating incentives to hire persons illegally in the United States and exacerbating the problem of illegal immigration.

(b) The Committee on the Budget recognizes that the Federal Government has an obligation to help fund increasing State and local government costs directly resulting from ineffective Federal enforcement efforts in this area. Therefore, the Committee assumes that adequate funding in this resolution will be used to reimburse States and local governments for both authorized program costs and legally binding obligations associated with providing:

(1) Elementary and secondary education for undocumented children in the public schools.

(2) Emergency medical assistance to undocumented persons.

(3) Law enforcement resources and personnel to incarcerate and supervise parole of criminal aliens. This funding can either be used by the Federal Government to take into custody and incarcerate criminal aliens or to reimburse States and local governments for their associated costs.

(4) Services incidental to admission of refugees under the Refugee Admission and Resettlement program.

SEC. 8. SENSE OF THE CONGRESS REGARDING RESERVE FUNDS FOR EMERGENCIES.

It is the sense of Congress that—

(1) the emergency designation under section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985 has repeatedly been invoked to circumvent the discretionary spending limits for other than emergency purposes;

(2) amounts for emergencies should be set aside within a reserve fund and subject to the discretionary spending limit;

(3) the reserve fund shall total 1 percent of annual budget outlays; and

(4) emergency funding requirements in excess of amounts held in the reserve fund should be offset by a reduction in appropriations.

SEC. 9. SENSE OF THE CONGRESS REGARDING UNFUNDED MANDATES.

It is the sense of Congress that—

(1) the Federal Government should not diminish the fiscal autonomy of State and local governments over their own sources of revenue;

(2) the Federal Government should not shift the costs of administering Federal entitlements to State and local governments;

(3) the Federal Government's share of entitlement programs should not be capped without providing States authority to amend their financial or programmatic responsibilities to continue meeting the mandated service; and

(4) Congress should develop a mechanism to ensure that the costs of mandates are considered during deliberations on authorizing legislation.

SEC. 10. SENSE OF THE CONGRESS REGARDING BASELINES.

(a) **FINDINGS.**—The Congress finds that—

(1) the baseline budget shows the likely course of Federal revenues and spending if policies remain unchanged;

(2) baseline budgeting has given rise to the practice of calculating policy changes from an inflated spending level; and

(3) the baseline concept has been misused to portray policies that would simply slow down the increase in spending as spending reductions.

(b) **SENSE OF CONGRESS.**—It is the sense of the Congress that—

(1) the President should submit a budget that compares proposed spending levels for the budget year with the current year; and

(2) the starting point for deliberations on a budget resolution should be the current year.

SEC. 5. SENSE OF THE CONGRESS REGARDING BASELINES.

(a) FINDINGS.—The Congress finds that—

- (1) the baseline budget shows the likely course of Federal revenues and spending if policies remain unchanged;
- (2) baseline budgeting has given rise to the practice of calculating policy changes from inflated spending levels; and
- (3) the baseline concept has been misused to portray policies that would simply slow down the increase in spending as spending reductions.

(b) SENSE OF CONGRESS.—It is the sense of the Congress that—

- (1) the President should submit a budget that compares proposed spending levels for the budget year with the current year; and
- (2) the starting point for deliberations on a budget resolution should be the current year.

SEC. 6. ADJUSTMENT OF PAY-AS-YOU-GO SCORECARD.

It is the sense of the Congress that upon enactment of a reconciliation bill pursuant to section 4, the Director of the Office of Management and Budget shall reduce the balances of direct spend-

ing and receipts legislation applicable to each fiscal year under section 252 of the Balanced Budget and Emergency Deficit Control Act of 1985 by an amount equal to the net change in the deficit achieved through the enactment in that Act of direct spending and receipts legislation for that year.

SEC. 7. SPENDING REDUCTIONS.

Nothing in this concurrent resolution on the budget commits the Congress to making the specific spending reductions used as assumptions in deriving the appropriate budgetary levels in this concurrent resolution, with the full understanding that the Congress may make comparable spending reductions in other areas to arrive at the same appropriate budgetary levels.

SEC. 5. SENSE OF COMMITTEE ON THE BUDGET ON SCORING HEALTH REFORM.

It is the sense of the Committee on the Budget that all financial transactions associated with the President's health reform legislation or similar health reform legislation relying on mandated payments to a Government entity be treated as part of the Federal budget, including premium payments by individuals and employees to health alliances (which should be treated as receipts) and pay-

ments by health alliances to providers (which should be treated as outlays), for all purposes under the Congressional Budget Act of 1974.

SEC. 6. SENSE OF THE CONGRESS REGARDING RESERVE FUNDS FOR EMERGENCIES.

It is the sense of Congress that—

(1) the emergency designation under section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985 has repeatedly been invoked to circumvent the discretionary spending limits for other than emergency purposes;

(2) amounts for emergencies should be set aside within a reserve fund and subject to the discretionary spending limit;

(3) the reserve fund shall total 1 percent of annual domestic discretionary budget authority; and

(4) emergency funding requirements in excess of amounts held in the reserve fund should be offset by a reduction in appropriations.

SEC. 7. SENSE OF THE CONGRESS REGARDING UNFUNDED MANDATES.

(a) It is the sense of Congress that legislation and appropriate House and Senate rules amendments should be adopted that—

(1) requires the Congressional Budget Office to estimate the cost of unfunded Federal mandates in all legislation before such legislation is considered by a full committee or by the full House or Senate;

(2) prohibits consideration in the House or Senate of legislation creating or expanding a Federal mandate that increases the net cost to State and local governments of complying with all Federal mandates (subject to a waiver by a three-fifths majority);

(3) charges the Office of Information and Regulatory Affairs in the Office of Management and Budget with monitoring all unfunded Federal mandates and identifying those mandates that should be repealed; and

(4) codifies the recommendations of the National Performance Review for broad agency waiver authority and bottom-up grant consolidation.

SEC. 8. SENSE OF THE CONGRESS REGARDING REGULATORY BUDGETING.

(a) **FINDINGS.**—The Congress finds that the cost of compliance with Federal regulations—

(1) constitutes a real, albeit an invisible, tax on America's private and public sectors;

(2) will cost the American private sector over \$600,000,000,000 in 1995; and

(3) will exceed 9 percent of the Nation's Gross Domestic Product and annually cost the average household between \$6,565 and \$8,869.

(b) **SENSE OF CONGRESS.**—It is the sense of the Congress that the Federal Government should adopt a regulatory budget that encompasses the economic impact of Federal regulations on the national economy. The ultimate goal of the regulatory budget should be to limit the cost of private and public compliance with Federal regulations to a fixed percentage of the Nation's Gross Domestic Product.

SEC. 9. SENSE OF THE CONGRESS REGARDING BASELINES.

(a) **FINDINGS.**—The Congress finds that—

- (1) the baseline budget shows the likely course of Federal revenues and spending if policies remain unchanged;
- (2) baseline budgeting has given rise to the practice of calculating policy changes from inflated spending levels; and
- (3) the baseline concept has been misused to portray policies that would simply slow down the increase in spending as spending reductions.

(b) **SENSE OF CONGRESS.**—It is the sense of the Congress that—

- (1) the President should submit a budget that compares proposed spending levels for the budget year with the current year; and
- (2) the starting point for deliberations on a budget resolution should be the current year.

SEC. 10. ADJUSTMENT OF PAY-AS-YOU-GO SCORECARD.

It is the sense of the Congress that upon enactment of a reconciliation bill pursuant to section 4, the Director of the Office of Management and Budget shall reduce the balances of direct spending and receipts legislation applicable to each fiscal year under section 252 of the Balanced Budget and Emergency Deficit Control Act of 1985 by an amount equal to the net change in the deficit achieved through the enactment in that Act of direct spending and receipts legislation for that year.

SEC. 4. HEALTH CARE REFORM.

(a) If health care reform legislation is reported (including by a committee of conference), budget authority, outlays, and new entitlement authority shall be allocated to committees, and the total levels of budget authority, outlays, and revenues shall be adjusted, to reflect such legislation if the legislation in the form in which it will be considered would not increase the total deficit for the period of fiscal years 1995 through 1999.

(b) Upon reporting of legislation described in subsection (a) and again upon submission of a conference report on such legislation, the chairman of the Committee on the Budget shall publish in the Congressional Record revised allocations under section 602(a) of the Congressional Budget Act of 1974 and revised levels of total budget authority, outlays, and revenues to carry out this section. Such allocations and totals shall be considered as the allocations and aggregates under this resolution.

SEC. 5. SENSE OF THE CONGRESS.

It is the sense of Congress that the following legislation should be enacted:

(1) Legislation providing enforceable limits to control the growth of entitlement or mandatory spending.

(2) Amendments to the Budget Enforcement Act of 1990 to establish a regular procedure to provide assistance for disasters and other emergencies without adding to the deficit.

(3) Legislation granting the President expedited rescission authority over appropriations measures, as provided by H.R. 1578, as passed the House.

SEC. 6. SENSE OF COMMITTEE ON THE BUDGET ON SCORING HEALTH REFORM.

It is the sense of the Committee on the Budget that all financial transactions associated with the President's health reform legislation or similar health reform legislation relying on mandated payments to a Government entity be treated as part of the Federal budget, including premium payments by individuals and employees to health alliances (which should be treated as receipts) and payments by health alliances to providers (which should be treated as outlays), for all purposes under the Congressional Budget Act of 1974.

SEC. 7. SENSE OF COMMITTEE ON THE BUDGET.

(a) The Committee on the Budget is troubled by the Federal Government's failure to enforce immigration laws and secure United States borders from illegal immigration. The Government has also failed to investigate and prosecute Federal wage and hour violations, thus creating incentives to hire persons illegally in the United States and exacerbating the problem of illegal immigration.

(b) The Committee on the Budget recognizes that the Federal Government has an obligation to help fund increasing State and local government costs directly resulting from ineffective Federal enforcement efforts in this area. Therefore, the Committee assumes that adequate funding in this resolution will be used to reimburse States and local governments for both authorized program costs and legally binding obligations associated with providing:

(1) Elementary and secondary education for undocumented children in the public schools.

(2) Emergency medical assistance to undocumented persons.

(3) Law enforcement resources and personnel to incarcerate and supervise parole of criminal aliens. This funding can either be used by the Federal Government to take into custody and incarcerate criminal aliens or to reimburse States and local governments for their associated costs.

(4) Services incidental to admission of refugees under the Refugee Admission and Resettlement program.

SEC. 8. SENSE OF THE CONGRESS REGARDING RESERVE FUNDS FOR EMERGENCIES.

It is the sense of Congress that—

(1) the emergency designation under section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985 has repeatedly been invoked to circumvent the discretionary spending limits for other than emergency purposes;

(2) amounts for emergencies should be set aside within a reserve fund and subject to the discretionary spending limit;

(3) the reserve fund shall total 1 percent of annual budget outlays; and

(4) emergency funding requirements in excess of amounts held in the reserve fund should be offset by a reduction in appropriations.

SEC. 9. SENSE OF THE CONGRESS REGARDING UNFUNDED MANDATES.

It is the sense of Congress that—

(1) the Federal Government should not diminish the fiscal autonomy of State and local governments over their own sources of revenue;

(2) the Federal Government should not shift the costs of administering Federal entitlements to State and local governments;

(3) the Federal Government's share of entitlement programs should not be capped without providing States authority to amend their financial or programmatic responsibilities to continue meeting the mandated service; and

(4) Congress should develop a mechanism to ensure that the costs of mandates are considered during deliberations on authorizing legislation.

SEC. 10. SENSE OF THE CONGRESS REGARDING BASELINES.

(a) **FINDINGS.**—The Congress finds that—

(1) the baseline budget shows the likely course of Federal revenues and spending if policies remain unchanged;

(2) baseline budgeting has given rise to the practice of calculating policy changes from an inflated spending level; and

(3) the baseline concept has been misused to portray policies that would simply slow down the increase in spending as spending reductions.

(b) **SENSE OF CONGRESS.**—It is the sense of the Congress that—

(1) the President should submit a budget that compares proposed spending levels for the budget year with the current year; and

(2) the starting point for deliberations on a budget resolution should be the current year.
