¹ Discretionary spending limits under current law are the "preview report discretionary limits" in the "Budget of the United States Government, Fiscal Year 1994, 135 (1993)". Current law provides, and the Senate amendment retains, a "Special Budget Authority Allowance" through fiscal year 1995 that will increase the limits on budget authority and outlays for those years when the end-of-session sequestration reports are prepared. Including that adjustment as currently estimated, the outlay limits for 1994 and 1995 are the same in current law, the House bill, and the Senate amendment.
